

**From the Quarterdeck by David Hazlehurst, Commodore**

June and I moved to Richmond from Martinsville in January 1984.

By that time our two children were in college, and we had seen them through their years as Junior Sailors at the VISA YC, on Smith Mountain Lake, and in spending every weekend with their friends from Lynchburg, Martinsville and Roanoke.

VISA YC was about as far removed from civilization as FBYC and while we didn't always know what they were doing, we certainly knew where they were. And they spent most of their daylight hours in and on the water.

Our commitment to sailing, evidenced by owning three sailboats, brought us to FBYC, which we joined in April, 1984.

Two months later we were about as involved in club activities as it is possible to get, teaching a class during Junior week. The picture above is of that class of 1984. Some of you will recognize some of these young people, some of whom are now members with children of their own, and three of them have served as Board members. Most importantly, many of the group still sail.

**Commodore David Hazlehurst With The Junior Class of 1984**

But twenty years makes a big difference; just compare what you see on the photograph with what you see now.

In the same way, our club has changed, along with the way we are using it. What I remember from 1984 is a club that was all but deserted after dusk, certainly no longer the case.

Following the addition of Fannies House in 1997, we almost always have at least 3-5 families staying overnight at weekends. That number is increasing, and just as important, it contains an increasing proportion of families with young children.

Clearly these members represent our future, and in the same way that our two children, one of whom had a 40<sup>th</sup> birthday this year, grew up spending their weekends on the water, so do some FBYC members. Great for the children and even better for the club.

June and I wish you a Happy Holiday Season and a wonderful New Year. And we promise you all an eventful 2004. We also hope that you will make spending more time at FBYC one of your New Year's resolutions. We look forward to seeing everyone there often in 2004.

## Board Meeting Highlights

**December 9, 2003**

Meeting called to order at 6:05 p.m. by Commodore David Hazlehurst.

### REAR COMMODORE – LUD KIMBROUGH

SECRETARY - The following Resolutions were presented by Secretary John Wake and approved by the Board:

**RESOLUTION** to open and inspect the contents of Safe Deposit Box #84 at First Market Bank.

<b>2004 FBYC Officers</b>	
	<b>Commodore</b> David Hazlehurst
	<b>Vice-Commodore</b> John M. Buhl
	<b>Rear-Commodore</b> Lud Kimbrough, III
	<b>Treasurer</b> Paul W. Howle, III
	<b>Secretary</b> John B. Wake, Jr.
	<b>Log Streamer</b> Steve Gillispie

**RESOLUTION** to vote into Honorary Membership the Fishing Bay Yacht Club's Deltaville neighbors - Mrs. Edith Moseley, Mr. John Marshall Moseley, III, Mr. Edward E. Ralston, and Mr. J. B. Richardson - and to provide them with membership cards.

**RESOLUTION** to vote into membership all children who have reached 10 years of age by January 1, 2004.

TREASURER -The year-end Treasurer's Report will be available in a few weeks. The insurance company check for dock repairs was received and deposited in November. Paul Howle, Treasurer, asked that all reimbursement forms be dated and approved, when required, before they are submitted to him. The form can be found on the web site.

LOG STREAMER - Steve Gillispie stated that space allotted for advertising was sold out for the past year and the new rates will go into effect for the January Log.

DOCKS - Lud Kimbrough, reporting for Allan Heyward, advised that the insurance company sent a check for the work covered in the estimate, less the deductible, rather than wait until the work has been done and then reimburse us. We will have to furnish proof of how we spent the money and they have reserved the right to disallow any expenditure inconsistent with our policy. Allan will submit an electrical estimate covering electrical repairs on the docks to the insurance company. Allan has asked Richard Callis to give us advance notice relating to the repairs to the Jackson Creek docks so that we can relocate boats as necessary. The Jackson Creek docks should be repaired by March and the Fishing Bay dock by the end of April.

SOCIAL - Scott Collins needs volunteers to chair the various social events in 2004. Any member willing to chair any of the events should contact Scott.

WINTER PROGRAMS -The first winter program will be held on January 30 and will feature Bob Hand-schumacher, who has spoken exten-

## Membership

### RESIGNATION:

Dr. & Mrs. Albert E. Smith

sively about cruising in the Caribbean. FBYC has been asked to host a North Sails Seminar on February 28 in Richmond at St. Joseph's Villa. Cruising will be the topic and a percentage of the profits will go to the club's Junior Program.

HISTORIAN - The history articles by Jere Dennison that have appeared in the Log have now been posted on the web site. Jere advised that we have obtained a few items from Gene Sydnor's estate that will be kept in the clubhouse.

WEBMASTER - Strother Scott re-grouped the links on the web site and there is now a link for the history articles and also a link for publicity articles.

### VICE COMMODORE – JAY BUHL

Jay Buhl announced that the 2004 Sailing Events Schedule will be posted on the web site and will appear in the January Log. Elizabeth Staas will edit the 2004 Sailing Events Book.

CBYRA DELEGATE - Tom Roberts is working on the entries for our club events for the CBYRA Green Book.

OLD BUSINESS - Ric Bauer and Noel Clinard discussed the concerns of one-design sailors about the delay in construction of a new Fishing Bay dock that would better suit the needs of one-design sailing. The club will go forward with repairing the present dock based on what the insurance company will allow us to do; however, the consensus of the Board was that the Long Range Committee should include construction of a new, relocated dock in its future plans.

Strother Scott and Waddy Garrett then discussed the status of the Stull property purchase, including the most recent proposal received from Ken O'Dell. The committee will present a

*(Continued on page 3)*

(Board Highlights continued from page 2)  
more definitive plan to the Board in January. Discussion followed concerning the committee's flexibility to continue negotiations, the creation of the Fishing Bay Yacht Club Development LLC (the "LLC"), and the risks to the LLC associated with purchasing the property. Steve Gillispie moved that the following Resolution be approved; second by Lud Kimbrough; motion passed.

**RESOLVED that the Fishing Bay Yacht Club Board ratifies the actions of Beverley L. Crump, Esq., in forming the Fishing Bay Yacht Club Development LLC (the "LLC") and FURTHER RESOLVED that the yacht club will work with the LLC in good faith to accomplish the club's land acquisition objectives.**

There being no additional business, David Hazlehurst adjourned the meeting at 7:55 p.m.

**Changes in the Big Tent—  
CBYRA Executive Board for  
2004**

**Lynn McCarthy**

**John Dodge**, one of the southern Bay's own, will be the President of CBYRA for 2004. Southern Bay racers know John for his past service as Region 4 vice president, the significant role he played in the "birth" of what has become the Stingray Point Regatta, and his participation in racing up and down the entire length of the Bay and well beyond.

Delegates also elected **Todd**

**Lochner**, whose roots are in the small boat side of the house (particularly Jet 14s), as Executive VP for the coming year. CBYRA Treasurer, aka The Money Man, is **Dick Emmett**, and **Angelo Buscemi**, a J/24 guy, will serve as Secretary.

**BoatU.S.**

**Cooperating Group Program**

**Mary Spencer**

Fishing Bay Yacht Club has renewed the "partnership" with the BoatU.S. Cooperating Group Program for another year. Because of this special arrangement, you get 50% off when you join the nation's largest Association of recreational boat owners. You pay one-half of the regular BoatU.S. dues of \$19.00 – only \$9.50 a year! If you are already a BoatU.S. Member, you can now renew your Membership at the low \$9.50 rate.

BoatU.S. Membership benefits include:

An effective lobby that fights unfair taxes, fees and government regulations that single out boat owners.

A 700-page Discount Equipment Catalog, plus special discounts and Member Rewards with purchases.

Discounts on fuel, overnight slips or repairs at more than 600 marinas.

Low-cost, high-protection boat insurance, including special programs for trailerable boats and PWC's.

On-the-Water Towing, with your choice of service levels – from \$50.00 per incident (free with Membership) up to Unlimited Service – provided by the nation's largest towing network, TowBoatU.S.

BOAT/U.S. Magazine – a full year's subscription is included with

Membership!

Contact Membership Services at 1-800-395-2628 or [www.boatus.com](http://www.boatus.com) for a BoatU.S. Membership application. If you are renewing your Boat U.S. Membership, be sure to mention our Co-op Group # GA82591Y to get the special \$9.50 rate.

**FBYC Cruisers**

**Tony Sakowski**

Cruising Division  
Commander

We are looking forward to a great year cruising the bay with you. However, I need your help and input in creating the weekend and extended trips that you would enjoy. Many of you have a very special trip that you have made in the past; please consider sharing it with the rest of us this year by leading us as the chairman of that trip. Perhaps you would like to do a two day weekend trip, or a full week to that neat place.

Or, maybe there is an area that you have thought about going, and would enjoy taking the rest of us with you!

I've thought about three one week trips: up the Potomac, to the Eastern Shore, or down to Norfolk-Hampton-Sarah Creek. I'm hoping for greater participation with three one week trips, rather than a two week journey. Please contact me and let me know just what you might like to do, and what dates would work for you. I'd suggest you go to the FBYC website at [www.fbyc.net](http://www.fbyc.net) to review the tentative schedule of all events at the club before contacting me with your input.

I'd appreciate your immediate attention to these projects, as we need to finalize our plans ASAP.

Thanks for your help,

**AN APPROACH TO EXTENDED  
CRUISING WITH LIMITED  
TIME AND RESOURCES**

**Wayland Rennie**

Bob and Joan Handschumacher have been sailing partners for almost 30 years and have completed about 40,000 miles of distance cruising, much of it in their Valiant 40 cutter, "WILDWOOD."

Before Bob retired from the faculty at Yale, they made numerous summer deliveries of their boat for subsequent cruising, including a passage to a sabbatical destination in Italy, where they lived aboard while Bob conducted research in Genoa. In all, they have made a half dozen passages to the Bahamas or Caribbean, three Transatlantic crossings, a sailing rally through Turkey, Syria, Lebanon, and Israel, a passage down to the Amazon, and most recently a run from Seattle to Glacier Bay in

**Bob on *Wildwood*  
In the Mountains of Alaska**

Alaska for two summers. They have dropped the hook in about 26 different countries.

Although many of their passages were with just the two of them, they commonly have three to six crew changes of family and friends. Margaret and Wayland Rennie are two of their favorites, "because they sure can make our WILDWOOD move!"

They will share some recollections and visual documentation of a trip from Trinidad, up some South American jungle rivers, and down to the Amazon, where they ventured upstream and into tributaries (uncharted) until it was not possible to turn around. This trip was then extended into the largely unexplored cruising grounds of the western Caribbean. They will also intersperse

**Bob, Joan, Wayland and Maggie  
In Tikal, Guatemala**

some technical details that might be helpful to others contemplating ways to extend their cruising grounds into little explored territories.

Bob started Wayland and Maggie sailing at the University of Wisconsin. They hope you will enjoy these MASTER SAILORS, who have done it all while holding down responsible jobs and doing their own maintenance. Bob is a biochemist Professor Emeritus at Yale School of Medicine, and Joan retired as head of security at the same school.

Their 90 minutes audio and visual presentation with voice over will be on a large screen and will include charts and still photos. Come to the Mary Munford School on Jan. 30 at 7:30 PM for a great opportunity to see and hear how these two made their cruising dreams come true!

**WEDNESDAY NIGHT  
GROUP DONATES GIFTS TO  
MIDDLESEX COUNTY TEENS**

Holiday gifts were collected by the Fishing Bay Yacht Club members to help bring Christmas Joy to the youth of Middlesex County. The thirty-five members present at a festive dinner Wednesday night wanted to share their holiday spirit with the community. The seasonal gift collection afforded a wonderful opportunity for the Fishing Bay Yacht Club to enjoy the gift of giving. Millie Hampton of the Middlesex County Department of Social Services coordinated the distribution of the presents.

**Millie Hampton, Dixie Hoggan and Jane Hall Organize Gift-Giving Party**

History....

### A Penguin Racing Vignette Jere Dennison

Through the end of the 1940's at our predecessor club in Urbanna and into the 1950's at our present location, the Penguins became our most active one-design racing fleet. Many of the Club's founders and early commodores raced Penguins, including W.M.F. Bayliss our 19<sup>th</sup> commodore in 1955. Major Bayliss as he was known for his military exploits against Rommel in North Africa during WW II was a raconteur of the first order. The father of current member Temple Bayliss and past member Murray Bayliss, Major Bayliss regaled his audiences with stories from the past, some of which waxed grander as the years progressed. A resident of Goochland County, he wrote a column for the *Goochland Gazette* entitled *Looking Back* where some of his old yarns were documented. One such column of May 28, 1974 recounted an incident that took place during a Penguin race at FBYC in the early 1950's and is reprinted below for the enjoyment of current members.

#### **Looking Back** by Major W.M.F. Bayliss

Sailing of all kinds and particularly small boat racing is great fun and the season is now well launched at the Fishing Bay Yacht Club near Deltaville, which serves the Richmond area and neighboring counties.

Strange things happen on the water, and the sea can kill you awfully fast if you make a serious error. We have therefore made it a practice never to take a drink unless safely anchored in a good harbor, or tied up alongside a quay. We commend this thought to our less experienced brethren.

A minor case in point came up some years ago when the Penguin fleet of some fifteen sail was racing in Fishing Bay. A stiff south easterly breeze was blowing and the fleet was passing clear of the shoal on the west of the bay, the Berryville shoal to be exact, when we observed a large power boat dead ahead in obvious distress. In fact she was filling up at the stern like a jug.

**Penguins Racing 1953**

The twenty people on board were screaming bloody murder, particularly a buxom lady who seemed to be sitting on top of everybody else, howling "Save me, Save me!"

The Penguin fleet luffed up into the wind and prepared to rescue the perishing and care for the dying. However, the captain of the endangered craft who was apparently the only one aboard who had not taken a few drinks, really got to work with a bucket and kept the water down. He also gave his vessel full throttle and dashed for the Berryville shore.

Before we got near him he was in two feet of water and about to run onto the sand. The occupants continued to scream to be saved since they did not realize that although they were a quarter of a mile from the land in fairly rough water, they could easily walk ashore.

The Penguin fleet of course paid off which means letting their sails take the wind and scudded on their happy way, roaring such remarks to each other as "Look at those silly apes drowning in a foot of water!"

Mrs. Bayliss was crewing for us and as usual we had sit her up on the windward gunwale, not only to keep the spray off us, but also to give her the satisfaction of knowing that there she could really make her weight felt. It also helped us win races. Anyhow, even she, a most humanitarian lady, agreed that we had no further reason for anxiety about our power boat friends after they had gone up on the shoal in a foot of water with one heck of a bump. Legal action was threatened for the Penguins' heartless behavior but, needless to say, it fell flat.

*History...*

**Hampton O/D vs. Snipe**

**Jere Dennison**

In the history of FBYC, there has always existed a friendly and healthy rivalry between the sailors of our various one-design fleets. Even back in the early days at the Urbanna Yacht Club, each fleet would self-promote to attract new sailors onto the starting line. It did not matter if these efforts were at the expense of other recognized fleets. In the mid-1940's, both the Snipes and Hamptons were competing for new members to swell their ranks.

Henry Hutchinson, Jr. served as commodore of the Club from 1942-1944 and was instrumental in keeping the organization alive during the difficult WW II years. An avid sailor and owner of Hampton O/D #1, he served as club secretary in 1946 prior to his tragic death at age 35 due to complications from an appendectomy in 1947. Back then the club secretary created the *Club Bulletin* that was the precursor to the present day *Log*, and Henry loved to exercise his muse through the composition of poems relating to sailing and the yacht club. Each issue included his original verses but one poem, composed for the June 24, 1946 issue, truly illustrates his literary talent as he unabashedly knocks the Snipe class in favor of his own Hampton O/D class.

**The Hampton Won** by Henry E. Hutchinson, Jr.

When I was sailing one fine day  
Came a Hampton One Design my way,  
Alaying a course for Urbanna Creek,  
With a yacht club burgee in her peak.

Chorus:

Hard alee, the wind blows free,  
The Hampton One is the yacht for me.  
She came alongside to my bow.  
I said "If you'll race, I'm ready now."  
We picked a channel mark downstream,  
And off we went with the wind abeam.

Chorus

Her boot top showed, and then her chine...  
The whole damn bottom left the brine.  
Here washboard washed, and then she luffed,  
I shouted "Ahoy! Have you had enough?"

Chorus

The crew hiked out on the Hampton One,  
And answered "Hell! We've just begun!"

She trimmed her sheets, she layed  
out handsome,

Then dead ahead she showed her  
transom.

Chorus

She crossed our bow on starboard  
tack,

We heard those words come flow-  
ing back

"Race in your class – you'll have no  
gripe,

But don't race a Hampton in your  
blooming Snipe!"

Chorus

By declaration of trust dated No-  
vember 7, 1947, the Board of the  
Urbanna Yacht Club designated the  
Henry E. Hutchinson, Jr. Memorial  
Trophy as the club's first perpetual  
award. The Hampton One was the  
award class from 1947 though 1959.

**ART ON FISHING BAY 2004**

Any yacht club member that would like to exhibit their work at Art on Fishing Bay Wednesday, June 30, 2004, please contact Bob Kates by January 15, 2004. There's room for twenty exhibitors and ten spots are already filled. So, if you're interested please call me at 804-776-6950 or E-mail scam97109@yahoo.com.

## NOTICE TO ADVERTISERS

On November 11, the Fishing Board Yacht Club Board of Directors approved a change in advertising rates and policy. Effective with the January issue, the Log will offer two sizes of ad—one half page and one quarter page. Prices for the one half page will be \$100 per month and for the one quarter page \$60 per month.

The Board and Membership wish to extend their thanks to our advertisers who have helped support the Log with their paid contributions.

# If You Love Your Boat, You'll Love Our Yard.

We are an *American Boat & Yacht Council* accredited boat yard. That means we're trained to provide the level of quality, knowledge and expertise your boat deserves when she comes in for repairs or maintenance. And our rates are reasonable. So you don't have to trust the love of your life to just anyone. Now you can enjoy the confidence of *ABYC* certified service at reasonable rates right here in Deltaville. If you really love her, doesn't she deserve the best. Give us a call at 804.776.8900. Ask for Keith Ruse.
